# Abhishek **Kumar**

DATA SCRAPING & AUTOMATION SPECIALIST

+91 9074202062 | abhishekkumar269@gmail.com | linkedin.com/in/abhishek-kumar-76237178

SKILLS

Python · Selenium · BeautifulSoup4 · Pandas · Requests · NumPy · CSV · JSON · Django · Bootstrap · AWS · Git / GitHub · AI-Assisted Dev

## PROFILE

**Python Developer** specializing in web scraping, data extraction, and browser automation. Built **50+ scrapers** across e-commerce, finance, real estate, and sports domains. Completed **20+ real-world scraping projects** with clean CSV/JSON output. Handles dynamic pagination, multi-tab automation, and deduplication. Full-stack background (Django, AWS) adds pipeline versatility.

## EXPERIENCE

### Data Scraping & Automation Developer
Feb 2025 - Present

Freelance · Remote

- Built 20+ real-world data extraction projects across e-commerce, job portals, and research platforms
- Scraped 50+ websites — Amazon, Flipkart, MagicBricks, NSE, IMDb, Cricbuzz, football stats and more
- Built a reusable scraping boilerplate framework, reducing setup time for new projects
- Handled advanced automation: 100+ concurrent tabs, dynamic pagination, and duplicate removal
- Delivered clean structured datasets in CSV and JSON using Pandas
- Used ChatGPT for AI-assisted debugging and script optimization

### Independent Equity Trader
Jan 2021 - Jan 2025

Self-Employed · Indian Stock Markets

- Full-time retail trader in Indian equity markets with focus on technical analysis and price action
- Developed Python and Django skills alongside trading — foundation for current scraping work

### Full Stack Developer
Feb 2019 - Jan 2020

Cybetiq Pvt. Ltd. · Noida, UP

- Designed and developed websites with focus on front-end design and UI
- Worked with HTML, CSS, JavaScript, Bootstrap, and PHP in a team environment

## PROJECTS

### Web Scraping Portfolio — 50+ Sites
github.com/suspaaX/web-scraping-portfolio

Scrapers for e-commerce, finance, sports, and entertainment. Built with Selenium, BeautifulSoup4, and Pandas. Output: structured CSV/JSON datasets.

### Real-World Scraping Projects — 20+ Builds
github.com/suspaaX/client_scraping_project

Data extraction projects with dynamic scraping, multi-tab automation, pagination handling, and clean dataset delivery.

## EDUCATION

### B.E. Computer Science & Engineering
Laxmipati Institute of Science & Technology, Bhopal

2011 - 2016 · 71.50%

## HIGHLIGHTS

- Daily Python problem solving — 2 to 4 problems per day
- Paper presentation on "Cyber Law Management for IT Professionals" — National Seminar, LIST Bhopal
- Team Leader — Final Year Academic Project
